

For your business

Custom Incentives program

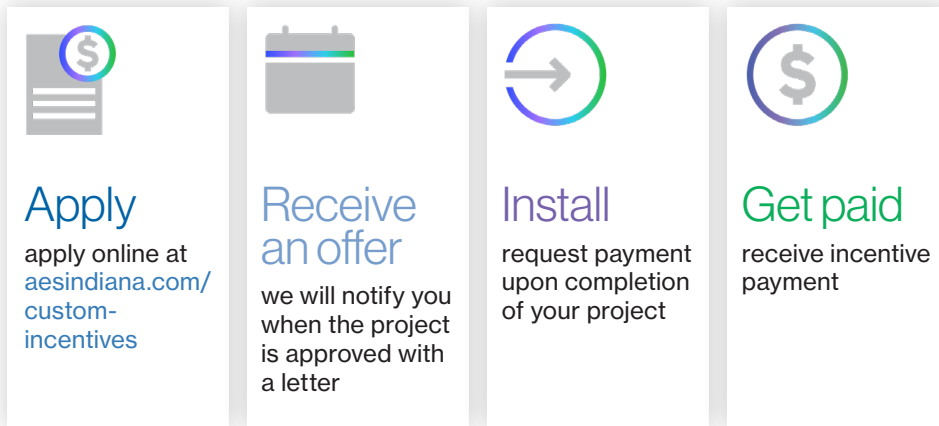

Customized savings. Simple solutions.

AES Indiana's Custom Incentives program is designed to help businesses reduce capital investment for energy-saving projects, while benefiting from reducing long-term energy costs.

Financial incentives

Earn up to \$0.10 per kWh saved above energy code as determined by the energy model based on the projected first-year energy savings.

How it works

Let's talk! Call [888-982-7071](tel:888-982-7071) or email custom@aesindianarebates.com to connect with a program representative to learn how your business can benefit from our programs.

Incentives are capped at 50% of the total project cost and \$1,000,000. Incentives require preapproval and must be in design phase.

Energy-saving opportunities may include but are not limited to:

- Energy management systems
- Compressed air
- Process equipment
- Building automation systems
- Lighting
- HVAC

For businesses like yours:

- Auto industry
- Colleges/universities
- Healthcare
